

SWAPNADIP PRODHAN

FULL STACK DEVELOPER

PROFILE

I graduated in BCA in 2022 with CGPA of 8.81. I know Java, HTML, CSS, JavaScript and have basic Python skills. I am interested in starting a career in software development or Full Stack Development, and my strong academic background reflects my passion for coding. I am ready to apply my technical skills, problem-solving acumen and thirst for knowledge to effectively contribute to innovative projects.
